YOUR PARTNER IN RECORDS AND INVENTORY SPACE MANAGEMENT

NationWide Shelving is committed to maintaining a leadership role in providing innovative shelving, storage, and automated retrieval systems.

NationWide Shelving's effectiveness results from our ability to serve as advisors and system designers. We have dedicated ourselves to finding creative shelving and automated storage solutions that promote space efficiency and or productivity. We are a full service space management company offering our customers filing supplies (folders, labels, etc) and our box storage alternative to on-site shelving/storage solutions.

NationWide Shelving offers more than the latest in storage systems. NWS boasts the experience to support your management team and staff with proven conversion ideas and techniques that will enhance the overall effectiveness of your filing/storage system.

NWS represents Richard Wilcox, Megastar Systems and more than fifty vendors of shelving, automated storage, and paper record companies (folders, labels, dividers, etc.), to support our customers. Richard Wilcox manufactures the highest quality high density and times 2 products available today. Megastar is the leader in the automated carousel world and a real innovator in product and marketing.

Our associations with Richard Wilcox, Megastar and our other support vendors gives NWS the resources and tools to be a full service space and productivity management company ready to meet the needs and challenges offered by our customers in this wonderful new millennium.
